

# Import Guide for GamCat 1.0.0

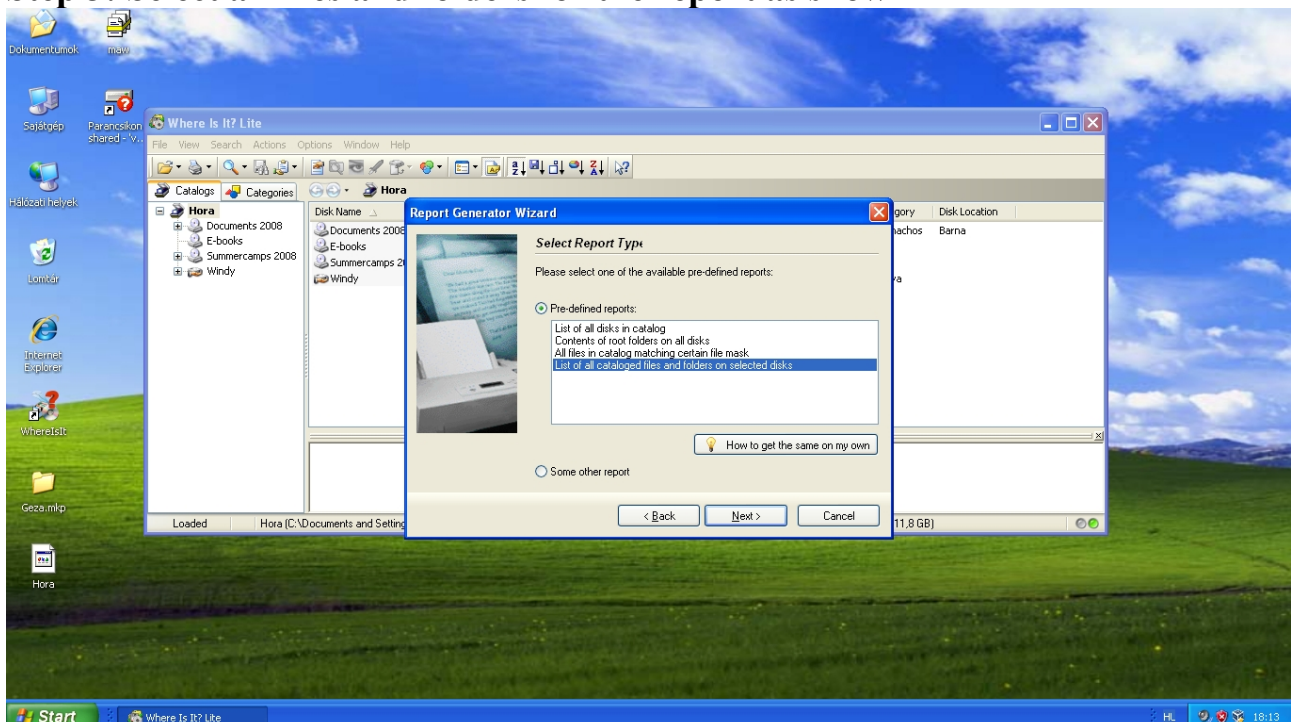

## A). WhereIsIt catalogs - using WhereIsIt Lite: WhereIsIt Lite

**Step 1: Open an existing .CTF file in WhereIsIt Lite**

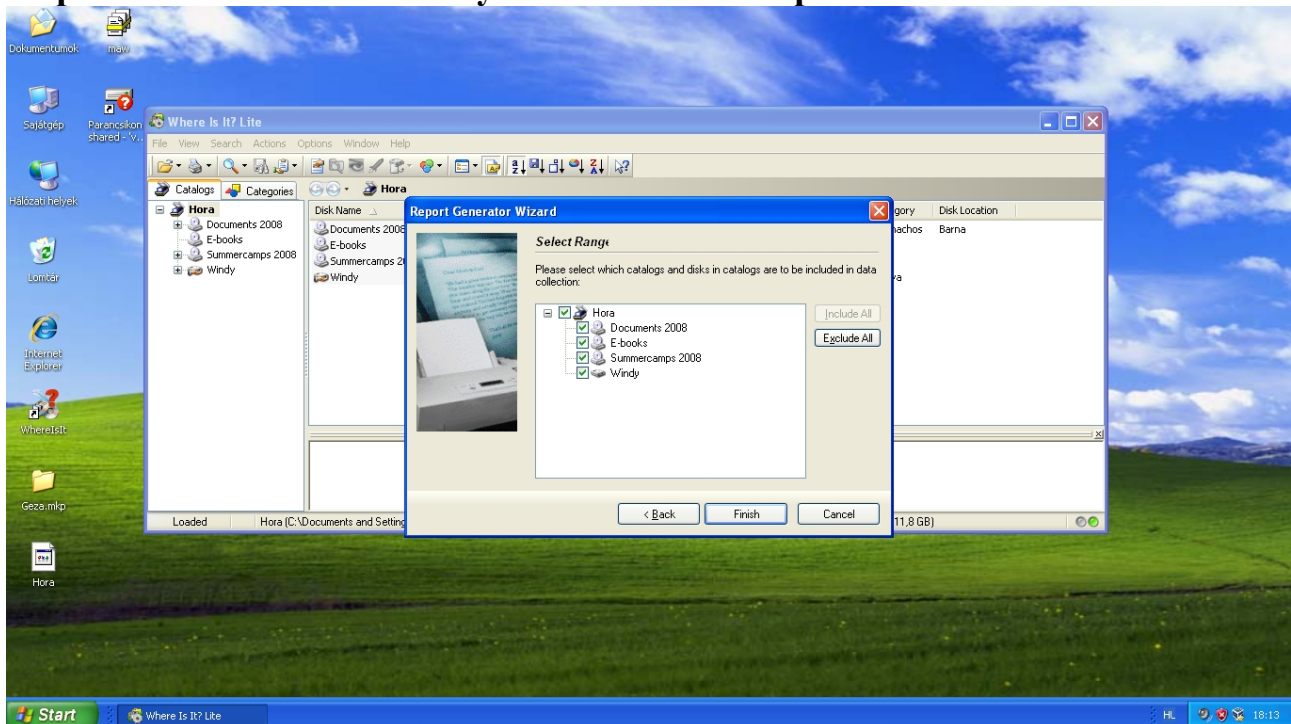

**Step2: Select Report Wizard:**

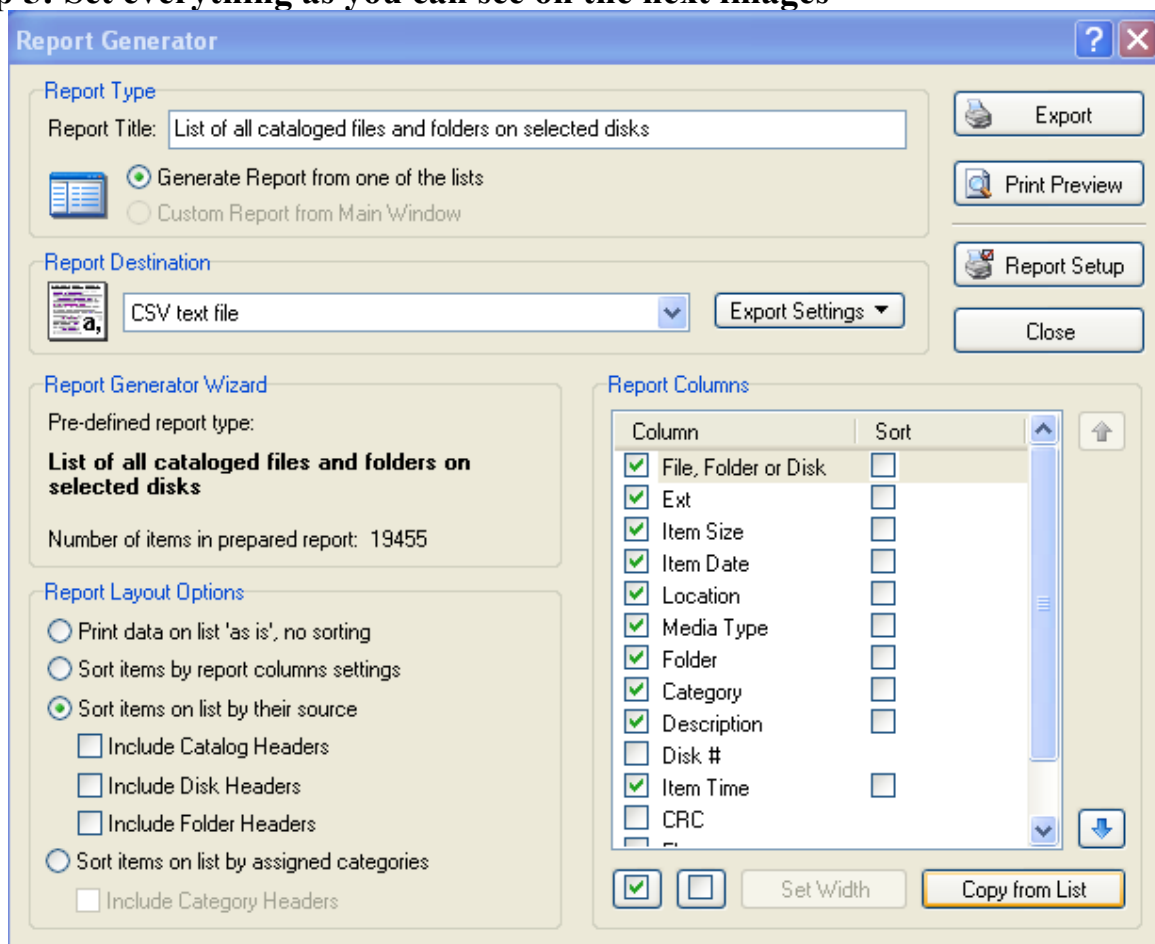

**Step 3: Select all files and folders for the report as shown**

## Step 4: Select all the volumes you would like to export

## Step 5: Set everything as you can see on the next images

and...

**Report Generator**

**Report Type**  
 Report Title:   
☒ Generate Report from one of the lists  
☐ Custom Report from Main Window

**Report Destination**  
 **Export Settings**  
**Export** **Print Preview** **Report Setup** **Close**

**Report Generator Wizard**  
 Pre-defined report type:  
**List of all cataloged files and folders on selected disks**  
 Number of items in prepared report: 19455

**Report Layout Options**  
☐ Print data on list 'as is', no sorting  
☐ Sort items by report columns settings  
☒ Sort items on list by their source  
     ☐ Include Catalog Headers  
     ☐ Include Disk Headers  
     ☐ Include Folder Headers  
☐ Sort items on list by assigned categories  
     ☐ Include Category Headers

**Report Columns**

Column	Sort
<input checked="" type="checkbox"/> Item Size	<input type="checkbox"/>
<input checked="" type="checkbox"/> Item Date	<input type="checkbox"/>
<input checked="" type="checkbox"/> Location	<input type="checkbox"/>
<input checked="" type="checkbox"/> Media Type	<input type="checkbox"/>
<input checked="" type="checkbox"/> Folder	<input type="checkbox"/>
<input checked="" type="checkbox"/> Category	<input type="checkbox"/>
<input checked="" type="checkbox"/> Description	<input type="checkbox"/>
<input type="checkbox"/> Disk #	<input type="checkbox"/>
<input checked="" type="checkbox"/> Item Time	<input type="checkbox"/>
<input type="checkbox"/> CRC	<input type="checkbox"/>
<input type="checkbox"/> Flag	<input type="checkbox"/>
<input checked="" type="checkbox"/> Disk Location	<input type="checkbox"/>

☒ ☐ **Set Width** **Copy from List**

...so that only the 3 items should stay unchecked: ( Disk #, CRC and Flag)

**Step 6: Hit the export and wait until the .csv file is generated.**

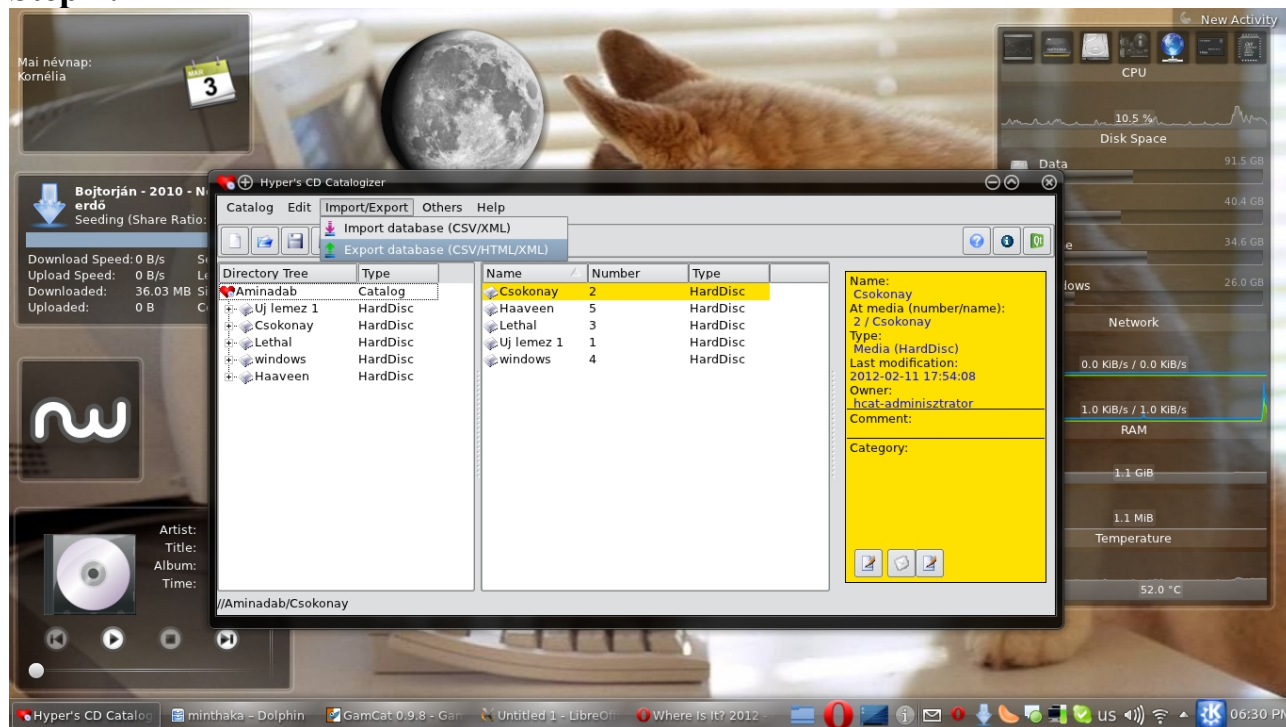

**Step 7: Start GamCat, go to the Settings tab and click on WhereIsIt icon. Select the .csv you made and wait... it can take a while!**

## B). CdCat catalog files - using version 1.2:

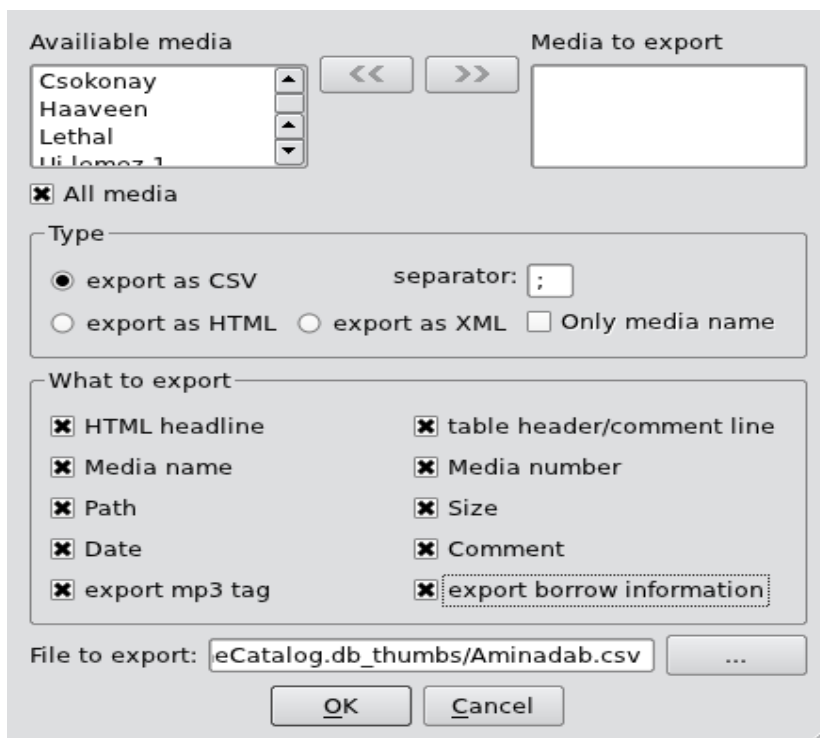

Although the import script for version 1.7 is ready, I don't recommend usage of version 1.7 since it is full of bugs at this time.

All you have to do is to start CdCat 1.2 and do the following:

### Step 1:

### Step 2:

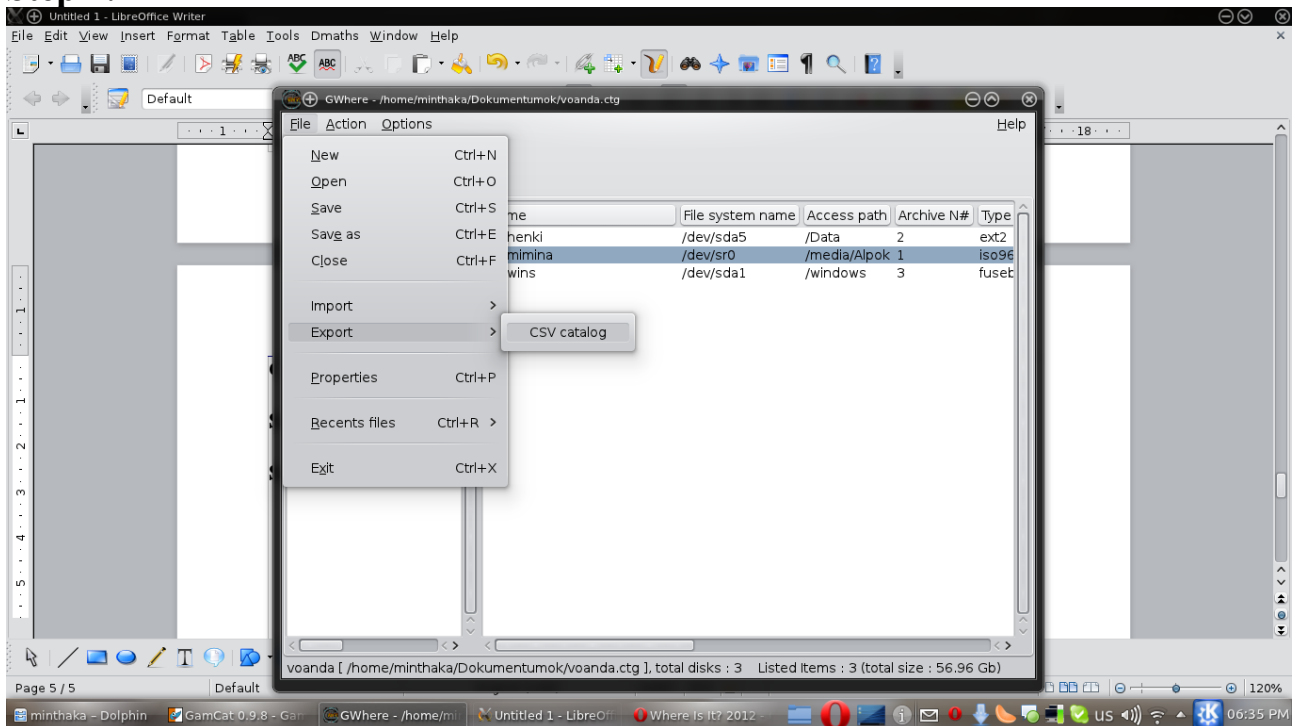

### Step 3: Use the .csv file you made with GamCat.

## C.) Gwhere catalog files:

**Step 1: Start Gwhere and open the catalog you want to export**

**Step 2:**

**Step 3: Use the .csv file you made with GamCat.**
